What is a “Reverse” Matching Event?

Older youth will be the guests of honor at this matching event! They will be empowered to talk to agencies about their families looking to be matched with older youth. It will be a day of fun for the youth, and give the family workers a chance to get to know the youth better in order to make some matches happen! *Youth ages 10 and up are welcome in person.* Spots will be limited!

*Family agencies representing their families interested in older youth are needed to make this event successful!

****Registration will open on July 6th, please watch Google Groups for the official announcement and link!**
